

FLAGSTAFF SUSTAINABILITY GUIDE

Welcome to Flagstaff! The goal of this guide is to provide you with a list of simple actions that support the Flagstaff community's goal of reaching carbon neutrality by 2030. Thank you for doing your part to conserve resources.

RETHINK WASTE

- ✓ **Recycle during your stay.** Learn more at recyclebycity.com/flagstaff
- ✓ **Reduce food waste by composting and donating excess food.** Free drop-off locations are listed on the last page.
- ✓ **Drink Flagstaff tap water, don't buy bottles!** Our tap water exceeds most bottled water ratings, so opt for a reusable bottle and tap water.
- ✓ **Bring Your Own (BYO)!** Check with your host to see if they have mugs, bottles, or utensils available for use on the go.

SAVE ENERGY

- ✓ **Turn off lights and unplug devices or chargers when not in use.**
- ✓ **Be thermostat conscious.** Keep the thermostat set at 68 °F / 20°C during the winter and 78 °F / 26°C during the summer.
- ✓ **Eco all the way!** Select the eco setting when using the washer, dryer, or dishwasher when possible.

FLAGSTAFF SUSTAINABILITY GUIDE

Welcome to Flagstaff! The goal of this guide is to provide you with a list of simple actions that support the Flagstaff community's goal of reaching carbon neutrality by 2030. Thank you for doing your part to conserve resources.

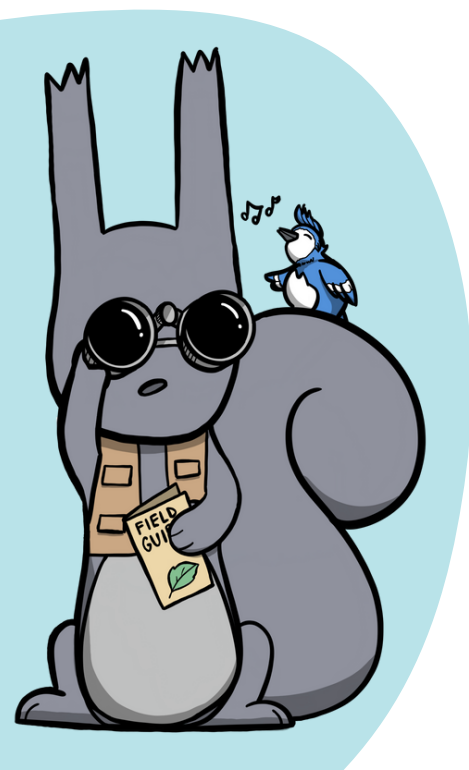

CONSERVE WATER

- ✓ **Turn off faucets when not in use** brushing teeth, doing dishes, or showering
- ✓ **Strive for five!** Try the five-minute shower challenge.
- ✓ **Capture water for drinking and cooking** when you are waiting for hot water temperature in shower or sink.
- ✓ **Report any leaks** you see to the property owner to help save water.

RECREATE RESPONSIBLY

- ✓ **Support local businesses and food producers** to support the economy and sustain the environment. Learn more at goodfoodfinderaz.com
- ✓ **Leave No Trace** Follow the "7 Principles of Leave No Trace" while you're visiting. Check out the QR code on the last page.
- ✓ **Smart Snow Play** Enjoy winter responsibly by going to official areas and disposing of sleds and trash properly - plastic sleds are not recyclable.
